DRIVING FREIGHT FORWARD

VIDEO CHAT WITH WEBB ESTES

Our President and COO shares updates on Estes' investments in network capacity, freight protection, and advanced technology to deliver end-to-end transparency and reliable shipping solutions. Watch here.

LTL INDUSTRY TRENDS AND INSIGHTS

Across the LTL trucking industry, today's truck drivers are clear about what matters most: pay, consistent schedules, and a career that supports life off the road. And freight carriers like Estes are making strategic moves amidst a challenging freight market to keep meeting those needs. Learn more.

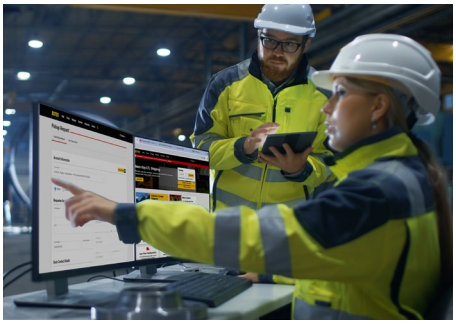

THE LATEST FROM ESTES

With growing next-day service to and from key Canadian markets and direct shipments throughout the country, Estes offers extensive cross-border coverage you can count on. Our full range of shipping solutions—along with our Protect From Freezing service, our Border Concierges, and optional customs brokerage—keep your Canada shipments moving smoothly from pickup to delivery. Discover more.

SHIP SMARTER

Need to know exactly when your time-sensitive freight was scheduled, received, and delivered? Our Appointment Research Tool gives you quick access to key appointment and transit milestones so you can confirm retail shipment performance and reduce chargebacks. Watch our video.

GOING THE EXTRA MILE

For the fourth year in a row, shippers in Mastio's annual study rated Estes the #1 Best Value Provider of all national LTL carriers. This means that our ongoing operational improvements and investments in our people, technology, and capacity are making a real difference in the ways we deliver. Learn more.
