DRIVING FREIGHT FORWARD

VIDEO CHAT WITH WEBB ESTES

Our President and COO shares updates on how Estes is making a difference through charitable giving, investing in new equipment and service enhancements, and expanding our network. Watch here.

LTL INDUSTRY TRENDS AND INSIGHTS

In today's world of convenient online ordering and fast small-parcel deliveries, residential LTL Final Mile consignees' expectations are higher than ever. That's why we continue to enhance our residential delivery experience by pioneering the use of 8-foot liftgates for safer freight handling, and offering real-time tracking, shipment updates, and no appointment requirements. Learn more.

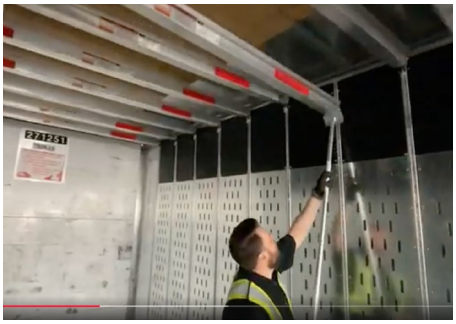

THE LATEST FROM ESTES

Shipping freight to or from Hawaii? Estes makes it easy with our new Honolulu facility! As the largest of its kind, it provides deliveries to all the islands, drayage, and roll-on/roll-off service, as well as a range of logistics solutions like transloading, consolidation, and dedicated transportation. Read more.

SHIP SMARTER

A great way to ship smarter is to ship safer. That's why we equip our trailers and containers with our best-in-class captive beam and notched wall system, as well as straps, and dunnage airbags. This helps us minimize freight movement, reduce the risk of damage, and ensure shipments arrive safely and on time. See video.

GOING THE EXTRA MILE

Estes has new trailer wraps! As part of our Open Heart, Open Road giving campaign, we're wrapping trailers to support charity missions like diabetes research, animal rescue, and mental health awareness. Spot a wrapped trailer on the road? Snap a photo, post it, and tag Estes to help spread the word! Follow us: Facebook, Instagram, and LinkedIn.

C.H. Robinson Award | American Group Award | Top 100 For Hire Award

Been There. Shipped That. Estes participated in another year of the Ultimate Backpack Challenge—delivering 132 pallets of 31,000+ backpacks filled with supplies to 30,000+ students in Richmond, VA.
